

Clean the World®

HYGIENE KIT PROGRAM

Clean the World's Hygiene Kit Builds provide an engaging way for companies, clubs, and service organizations to meet corporate social responsibility and sustainable development goals, improve teamwork, boost morale, create a renewed focus on community, and do their part to stop the spread of COVID-19 in their local community.

Following CDC guidelines, your group can host a socially distanced hygiene kit build (or purchase pre-assembled kits) where you work together to assemble hygiene kits and then distribute the kits to shelters, missions, disaster relief efforts, or a number of other places within your community.

Why participate in a Clean the World Hygiene Kit Build?

PROVIDE HOPE. Give much-needed hygiene products to people struggling to meet their family's basic needs.

WORK TOGETHER. The bond that's formed when people unite and support a cause will create benefits that reach beyond your event.

RAISE AWARENESS. Promote your event and distribution to local media, raising awareness of the cause you support.

CHANGE LIVES. By distributing the kits locally, you experience first-hand how something so simple can have a profound impact on someone's life.

PROVIDE CRITICAL HYGIENE SUPPLIES TO PEOPLE IN NEED

Looking for a way to engage employees from home?

Similar to our in-person hygiene kit build, employees are sent a Soap Saves Lives Box to their home so they can assemble hygiene kits with their family and friends. Visit cleantheworld.org/soapsaveslives for more information.
