# Fresh Start WASH & Wellness

*Delivering Hygiene, Dignity, and Care.*

## Where Hygiene Becomes Hope

Did you know that in America, **over half a million people experience homelessness every day**? Without consistent, routine living arrangements, many of those facing homelessness lack access to essential hygiene services, which can make maintaining daily hygiene practices impossible.

Access to clean water, soap, and washing facilities is not only necessary for maintaining health but also for restoring dignity and offering a pathway to a brighter future

### Partner With Us!

Your partnership helps bring dignity, health, and opportunity to people and communities in need.

At The WASH Foundation, we believe everyone deserves a fresh start. Our **Fresh Start WASH and Wellness Mobile Showers** provide shower and bathroom facilities to those experiencing homelessness.

Since 2017, our program has provided:

**104,211**

Warm Showers

**128,151**

Hygiene Kits

**20,816**

Clothing Items

## A Pathway to Stability

We also work to bridge the gap in supportive services by connecting individuals to mental health counseling, ID services, housing, and more. The Fresh Start WASH and Wellness Mobile Showers provide more than just a warm shower- we aim to uplift those experiencing homelessness and connect them to the services that will help them rebuild and thrive.

## Together, we can help serve those experiencing homelessness

By sponsoring a Fresh Start WASH and Wellness Program in your city, you're not just providing showers; you're offering hope and support to individuals rebuilding their lives.
